

## **Circle Beautification Plan**

**The Board would like to make funds available to the circle home owners to beautify the circles on a first come first serve basis, if funds are available.**

**All proposals will be mailed to the P O Box and post marked no later than February 15<sup>th</sup>, for review at the March Board Meeting. Proposals must include drawings of plants and an itemized list of items to be purchased.**

**The project will not pay for labor, and will not pay for grass seed or grass fertilizer.**

**It will be up to the homeowners on the circle to maintain it in a clean and orderly fashion, the Board will not maintain. Plus there will be no cars allowed to park on the circle once the funds have been expended for this beautification.**

**These will be reimbursable expense up to \$300, if funds are available upon submission of receipts and inspection of the work by a board member. Circle home owners can only ask once over a three year period.**

**April 2001**
